

Automated Admission management system- India's well-known institute for technology revamped their admission process with 80% efficiency with Protonshub's Admission Management Solution.

ABOUT US

A public technical university located in heart of central India. It is part of a group of publicly funded institutions in India known as National Institutes of Technology.

Established in the year 1960 as a Regional Engineering College (REC), became a National Institute of Technology in 2002 and was recognised as an Institute of National Importance under the NIT Act in 2007. The institute is fully funded by Ministry of Education, Government of India and is governed by the NIT Council.

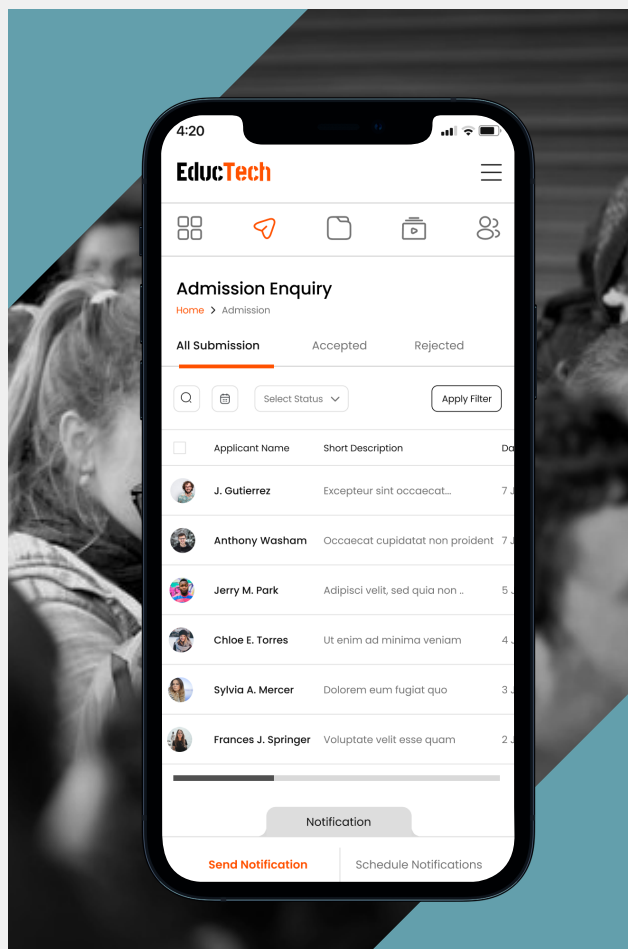

It offers bachelor's, master's and doctoral degrees in science, technology, engineering, architecture and management.

PRESSING CHALLENGES

- Query Resolution of Students During Form Filling.
- Communicating with Applicants.
- Admission Confirmation and Fee Collection.

PROTONSHUB'S ADMISSION MANAGEMENT SOLUTION.

Admission Management system designed by Protonshub revolutionized the communication Right from the way students are interacting with institution, to how institution is managing the entire admission process, every aspect is evolving day by day. There are multiple stakeholders involved throughout the admission journey, who use scattered solutions & work in their own silos. This leads to a systemic disconnect between the stakeholders, mismanagement and inefficiency of processes, assumption-based decision making, and poor conversions. All of this ultimately leads to a negative and broken candidate experience. Protonshub provided a unified Comprehensive Enrolment Automation Platform that helped the Institution to automate and manage the entire admission cycle, from enquiry to enrolment.

POWERFUL BENEFITS ONLINE ADMISSIONS SOLUTION

- Accept Applications Online
- Conduct Online Entrance Test remotely
- Leverage a centralized automated enrollment platform with no duplication
- Enable students to select and pay for courses online
- Collect all statutory documents online
- Engage with Students
- Review documents and provide feedback to the applicant
